Why it works

- Cards stay on the board all game, so paying attention to every reveal is how you win.
- Vocabulary sticks when kids hunt for the pair, not just read it.
- Every card is editable: type any ten pairs and you have a custom deck in minutes.
- The cut-out sets make a quiet two-player center that lasts all year.

What this preview shows: one projected grid, one revealed card, and one cut-out card set, watermarked. The paid download has no watermarks, all 4 decks, every card set, the tracker, and the score sheet.
