Password Vocabulary Game

An editable PowerPoint vocabulary game for teams or the whole class.

PREVIEW

What's included

- 1 PowerPoint game (.pptx)
- 10 "Are you ready?" slides and 10 password slides to type your words on
- Copy a pair of slides for as many words as you like
- Thumbs up, thumbs down and next word buttons, music and a setup guide

How it plays

1. Split the class into two teams.
2. A player stands at the front with their back to the screen.
3. Show the word. The team gives hints without saying it.
4. The player has 30 seconds to guess. Then it is the other team's turn.
5. The team with the most correct guesses wins!

Works in Microsoft PowerPoint on PC, or on Mac with Microsoft 365. It does not work in Google Slides or the PowerPoint mobile apps.
What this preview shows: one full turn, the start slide, all 10 password slides, and the setup guide.

STEP 1 Get ready: one student faces away from the screen.

STEP 2 Show the word. The team gives clues.

STEP 3 Thumbs up or down, then the next word.

Whole class version: one student guesses and the whole class gives clues. The quickest guess wins.

SETUP GUIDE, SAMPLE PAGES

1. Download the Files

Click "Download" DOWNLOAD

You will find one PowerPoint game of Password with ten rounds.

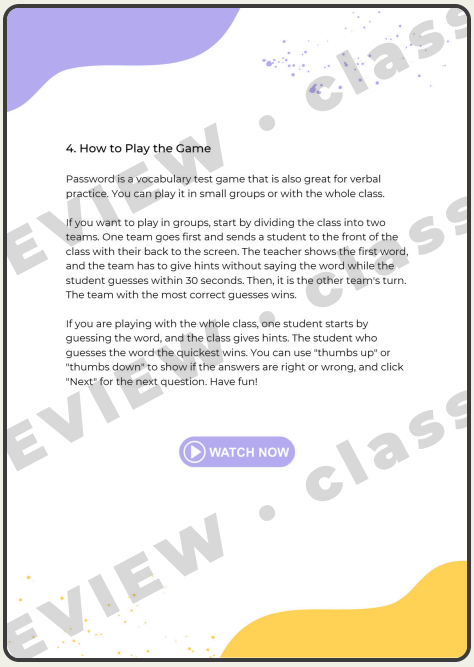

2. Set Up the Game Before Playing

Open the game in Microsoft PowerPoint.
Ensure that you have at least Microsoft PowerPoint 13. On MAC you will need PowerPoint 365.
The game is not compatible with Google Slides and PowerPoint apps or older versions of PowerPoint.

3. Before You Can Customize the Game

Open the PowerPoint and enable editing and Macros (if you use the scoreboard).

Enable editing:

4. How to Play the Game

Password is a vocabulary test game that is also great for verbal practice. You can play it in small groups or with the whole class.

If you want to play in groups, start by dividing the class into two teams. One team goes first and sends a student to the front of the class with their back to the screen. The teacher shows the first word, and the team has to give hints without saying the word while the student guesses within 30 seconds. Then, it is the other team's turn. The team with the most correct guesses wins.

If you are playing with the whole class, one student starts by guessing the word, and the class gives hints. The student who guesses the word the quickest wins. You can use "thumbs up" or "thumbs down" to show if the answers are right or wrong, and click "Next" for the next question. Have fun!

3. Customize the Game

The Password game is a game that requires very little preparation.

To customize the game, open the PowerPoint and click "enable editing" .

Click on slide 4 and enter your first word. Then go to slide 6 and repeat.

Save, click "Slide Show" and then "From Beginning" to start playing.

Download, open in PowerPoint, type your words, play.
