THE FIRST WEEK BACK

2. **Midweek:** Feud. Two teams, 8 survey rounds, about 20 to 30 minutes.
3. **Any day:** Would You Rather. Everyone votes, a few students explain their side, next slide.

This preview shows: one whole trivia turn, one Feud round from blank board to full reveal, Would You Rather, and the printables.

ACTIVITY 1 OF 3

TRIVIA QUIZ GAME SHOW: ONE WHOLE TURN

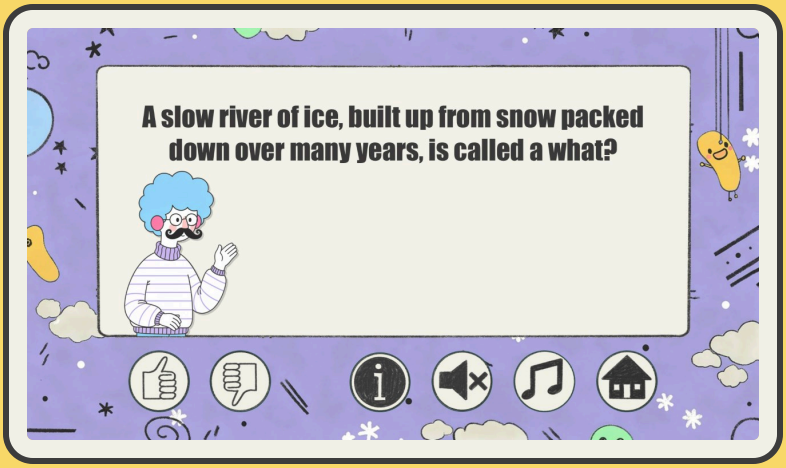

Click a dollar value. Answer. Check with one click.

STEP 1

Pick a category

A team chooses a category and a dollar value on the board.

STEP 2

Read the question

Frozen Planet for $100. The question fills the screen for the whole class.

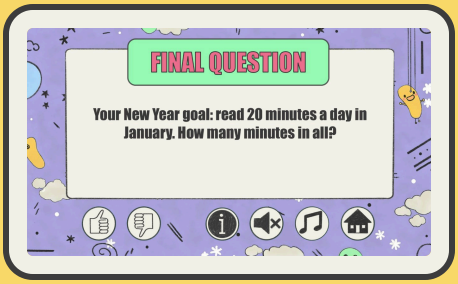

STEP 3

Reveal the answer

The round i button shows the answer. The house button goes back to the board.

One cell hides the **Daily Double**: the team that finds it wagers before it sees the question. After the board, every team writes a wager for the **Final Question**: a New Year reading goal to work out.

ACTIVITY 2 OF 3

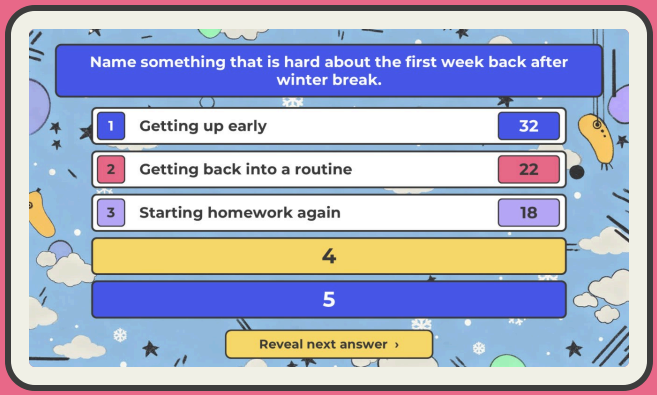

FEUD: SURVEY SAYS

8 survey questions, 5 ranked answers each, revealed one click at a time.

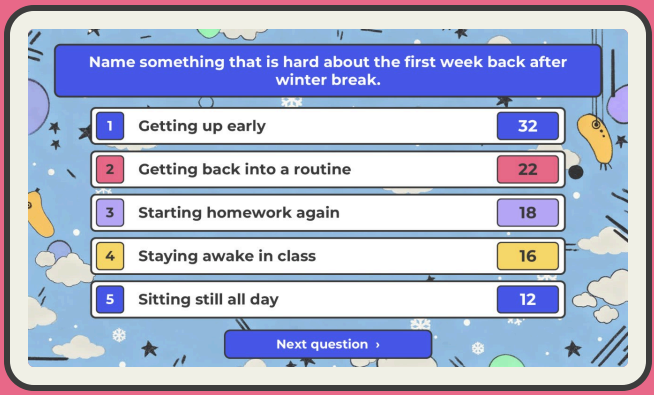

1. Read the question

"Name something that is hard about the first week back after winter break." The five answers stay hidden.

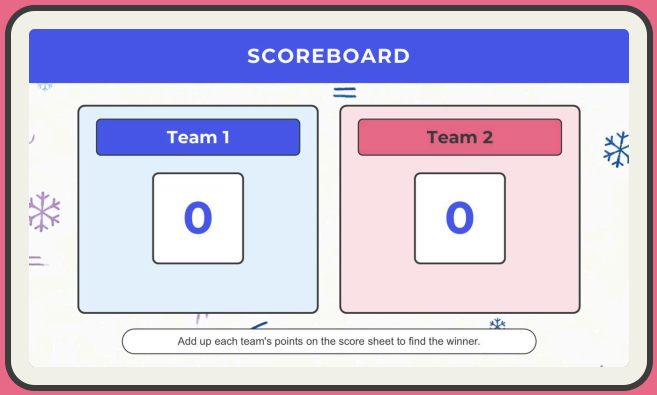

2. Teams guess

A team that names an answer on the board wins its points. A guess that is not on the board can count as a strike.

3. Full reveal

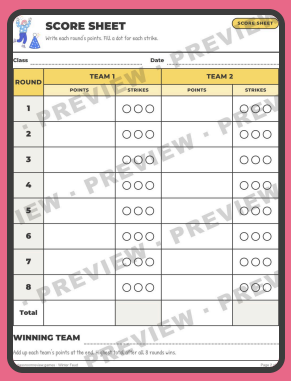

Reveal next answer flips the answers from the top. The top answer here: Getting up early, 32 points.

4. Scoreboard

The last round links to the scoreboard slide. Add up each team's points on the printable score sheet.

Two printable pages: the how-to page with the optional strike rule, and a two-team score sheet with a strikes tracker for all 8 rounds.

Every question, answer and point value is editable. Run your own class survey, then retype each answer and its points on that round's reveal slides.

ACTIVITY 3 OF 3

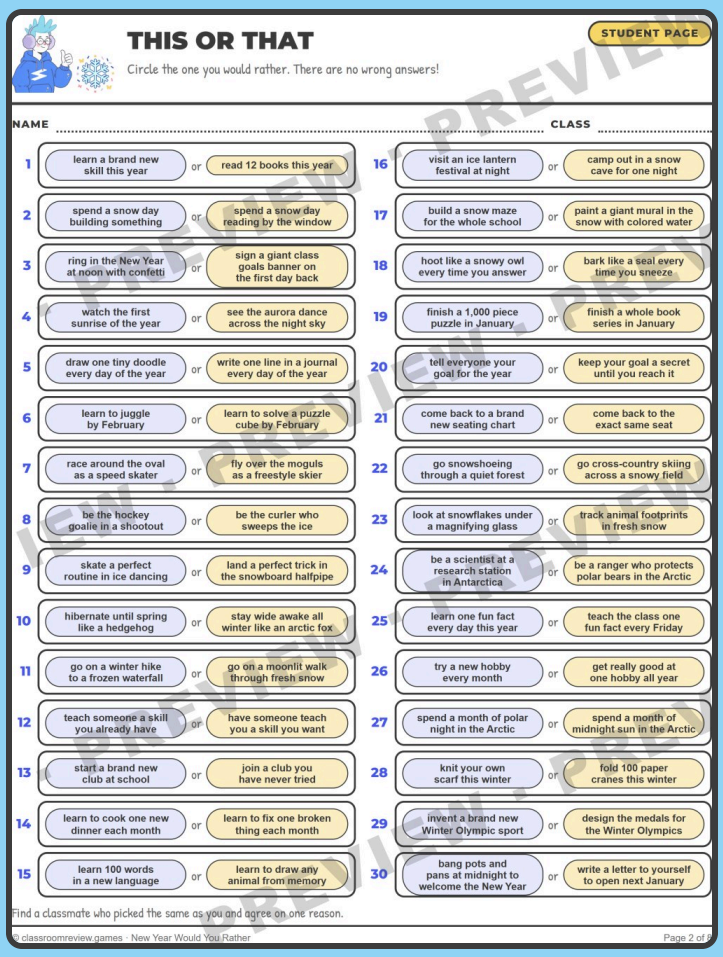

WOULD YOU RATHER?

One dilemma per slide. Everyone votes, a few students explain their side, next slide.

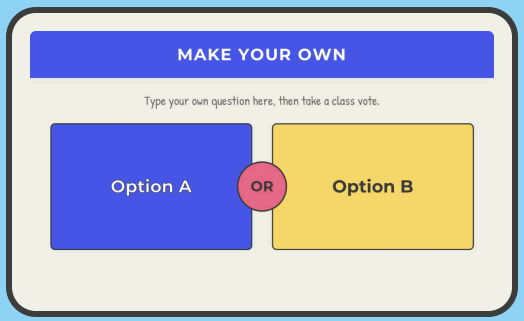

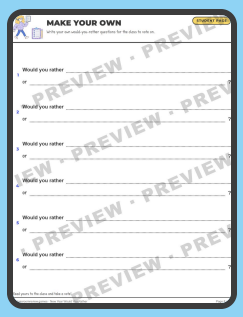

The **This or That** sheet: all 30 dilemmas on one page. Students circle their picks, then find a classmate who picked the same and agree on one reason.

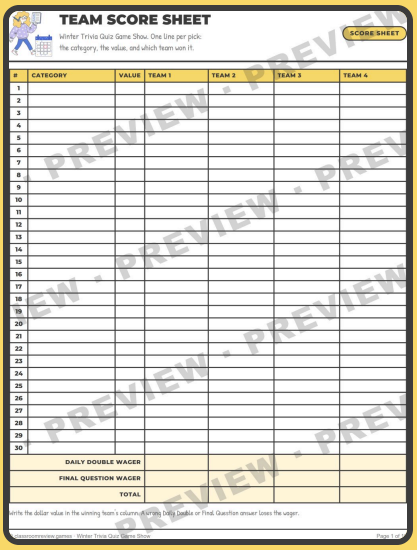

Students vote with hands, thumbs, or by moving to the left or right side of the room. No projector? Read the cut-out cards aloud. The **Make Your Own** slide and page let students write their own dilemmas for a class vote.

- Every question in the three decks is editable, so each game works again later in the year for any unit.
- Written for 11- to 14-year-olds: cold-weather science, animals in winter, winter sports, New Year customs around the world, fresh-start goals and the polar regions. Nothing gross, nothing political.
- The games run on screen; the score sheets and cards are optional. Each activity fills one lesson, or spread the three across the week.
