THE FIRST WEEK BACK

1. **Day 1 or 2:** the Trivia Game Show, whole class in teams, about 30 to 45 minutes.
2. **Midweek:** Feud. Two teams, 8 survey rounds, about 20 to 30 minutes.
3. **Any day:** Discussion Cards. Pick a topic, show a card, take a few answers, then ask a Go deeper follow-up.

This preview shows: one whole trivia turn, one Feud round from blank board to full reveal, the Discussion Cards topic menu with three cards, and the printables.

ACTIVITY 1 OF 3

TRIVIA GAME SHOW: ONE WHOLE TURN

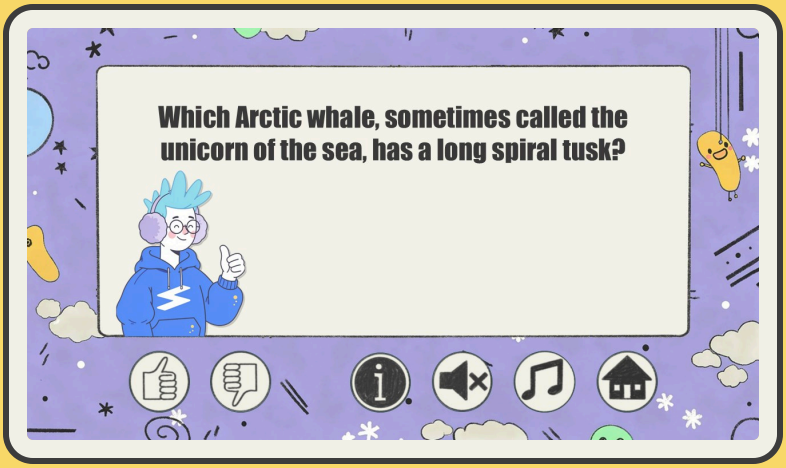

Click a dollar value. Answer. Check with one click.

STEP 1

Pick a category

A team chooses a category and a dollar value on the board.

STEP 2

Read the question

Polar Places for $100. The question fills the screen for the whole class.

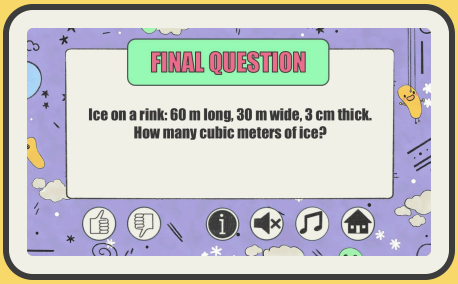

STEP 3

Reveal the answer

The round i button shows the answer. The house button goes back to the board.

One cell hides the **Daily Double**: the team that finds it wagers before it sees the question. After the board, every team writes a wager for the **Final Question**: a volume problem about the ice on a rink.

ACTIVITY 2 OF 3

FEUD: SURVEY SAYS

8 survey questions, 5 ranked answers each, revealed one click at a time.

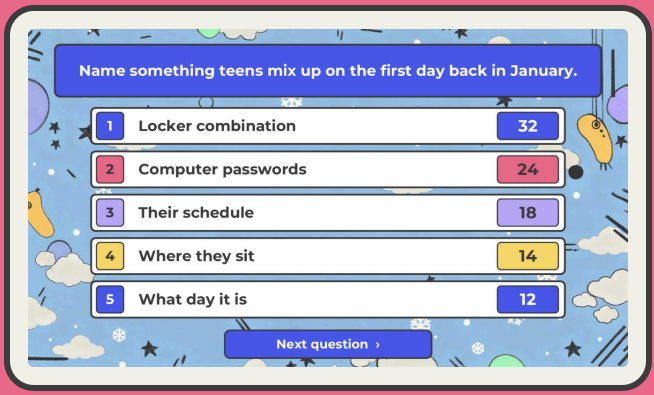

1. Read the question

"Name something teens mix up on the first day back in January." The five answers stay hidden.

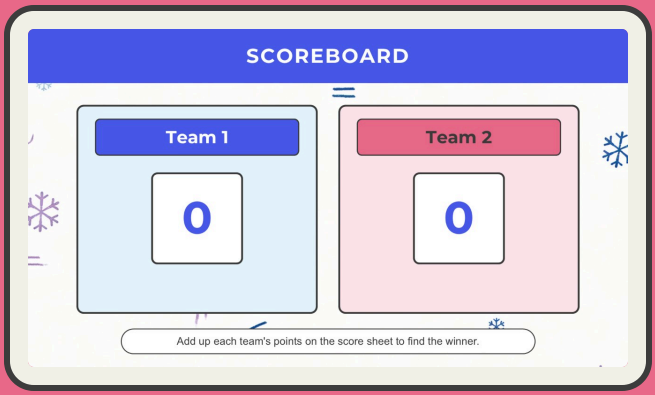

2. Teams guess

A team that names an answer on the board wins its points. A guess that is not on the board can count as a strike.

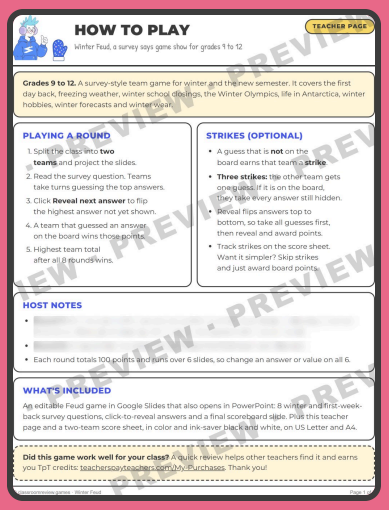

3. Full reveal

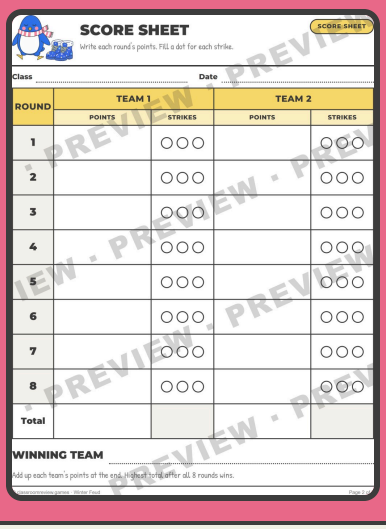

Reveal next answer flips the answers from the top. The top answer here: Locker combination, 32 points.

4. Scoreboard

The last round links to the scoreboard slide. Add up each team's points on the printable score sheet.

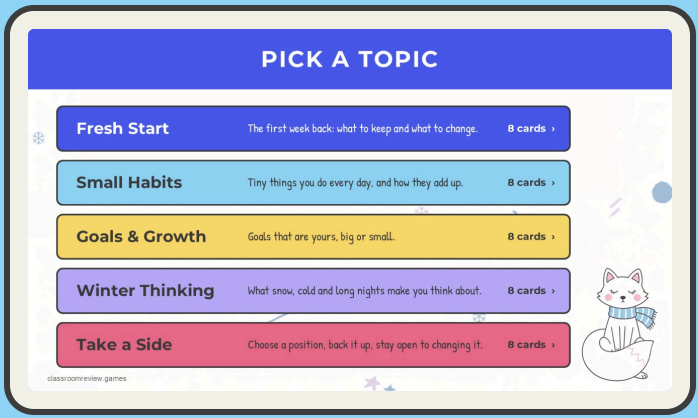

Two printable pages: the how-to page with the optional strike rule and short host notes, and a two-team score sheet with a strikes tracker for all 8 rounds.

Every question, answer and point value is editable. Run your own class survey, then retype each answer and its points on that round's reveal slides.

ACTIVITY 3 OF 3

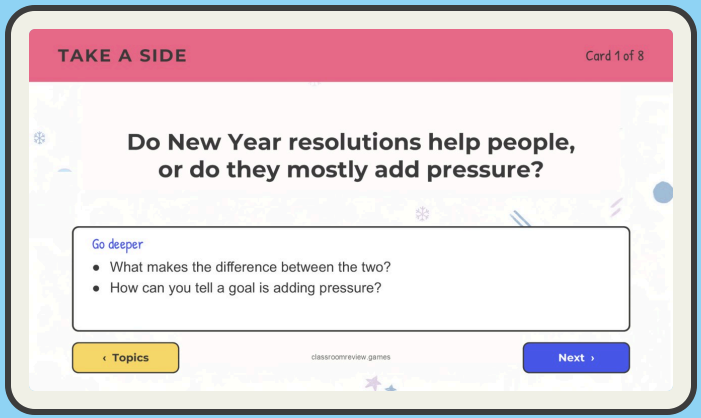

DISCUSSION CARDS

40 New Year conversation starters in 5 topics, each with two Go deeper follow-ups.

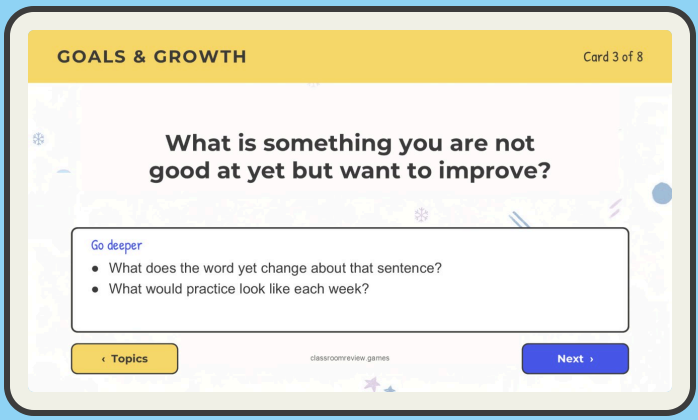

1. Pick a topic

5 topics, 8 cards each. Click one on the menu; the deck jumps to its first card.

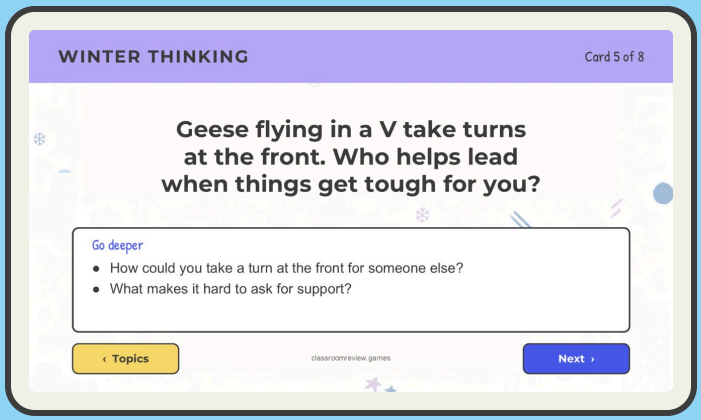

2. Show a card

Take a Side, card 1. Give 30 seconds of think time, then take three or four answers.

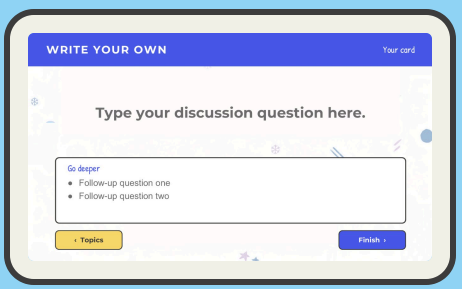

3. Go deeper

Two follow-ups on every card for anyone who wants to say more.

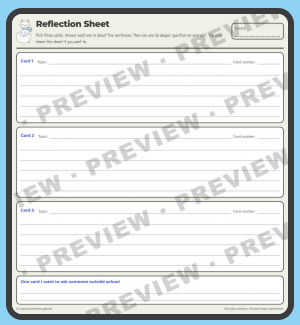

4. Next or switch

Next goes on to the next card, Topics jumps back to the menu. Take a Side works as a two-sided debate.

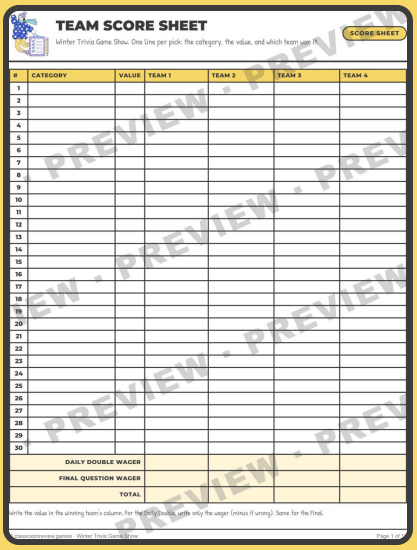

Every card is also printable, one topic per page, for stations, a circle discussion or partner talk. The **Write Your Own** slide and page take the students' own questions; the **reflection sheet** asks for three cards in about five sentences each.

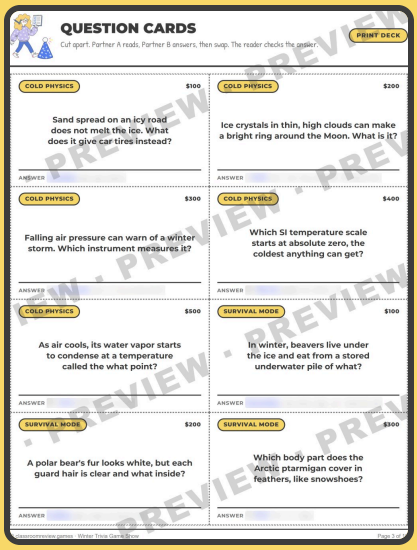

No right answers, and sharing is always optional. Every question and follow-up is editable.

MADE FOR JANUARY

- Google Slides and PowerPoint: present from any classroom computer.
- Every question in the three decks is editable, so each activity works again later in the year for any unit.
- Written for 14- to 18-year-olds: the physics of cold weather, how animals survive the winter, winter sports, New Year customs around the world, goals and fresh starts, and the polar regions. Nothing political, nothing that assumes a family setup.
- The games run on screen; the score sheets and cards are optional. Each activity fills one lesson, or spread the three across the week.

Thank you for looking! Questions before you buy? Email me at carolin@classroomreview.games.

The thumbs-up, thumbs-down and music buttons on the trivia slides play sound in PowerPoint only; these sounds do not carry over to Google Slides, and in Google Slides a played value stays on the board (cross it off on the score sheet). Email me for the PowerPoint files with working sounds at no extra charge. Feud and the Discussion Cards have no sounds.
